

Update on List/Search by Mall

14 May 2015

Record Structure for Merchants

Example

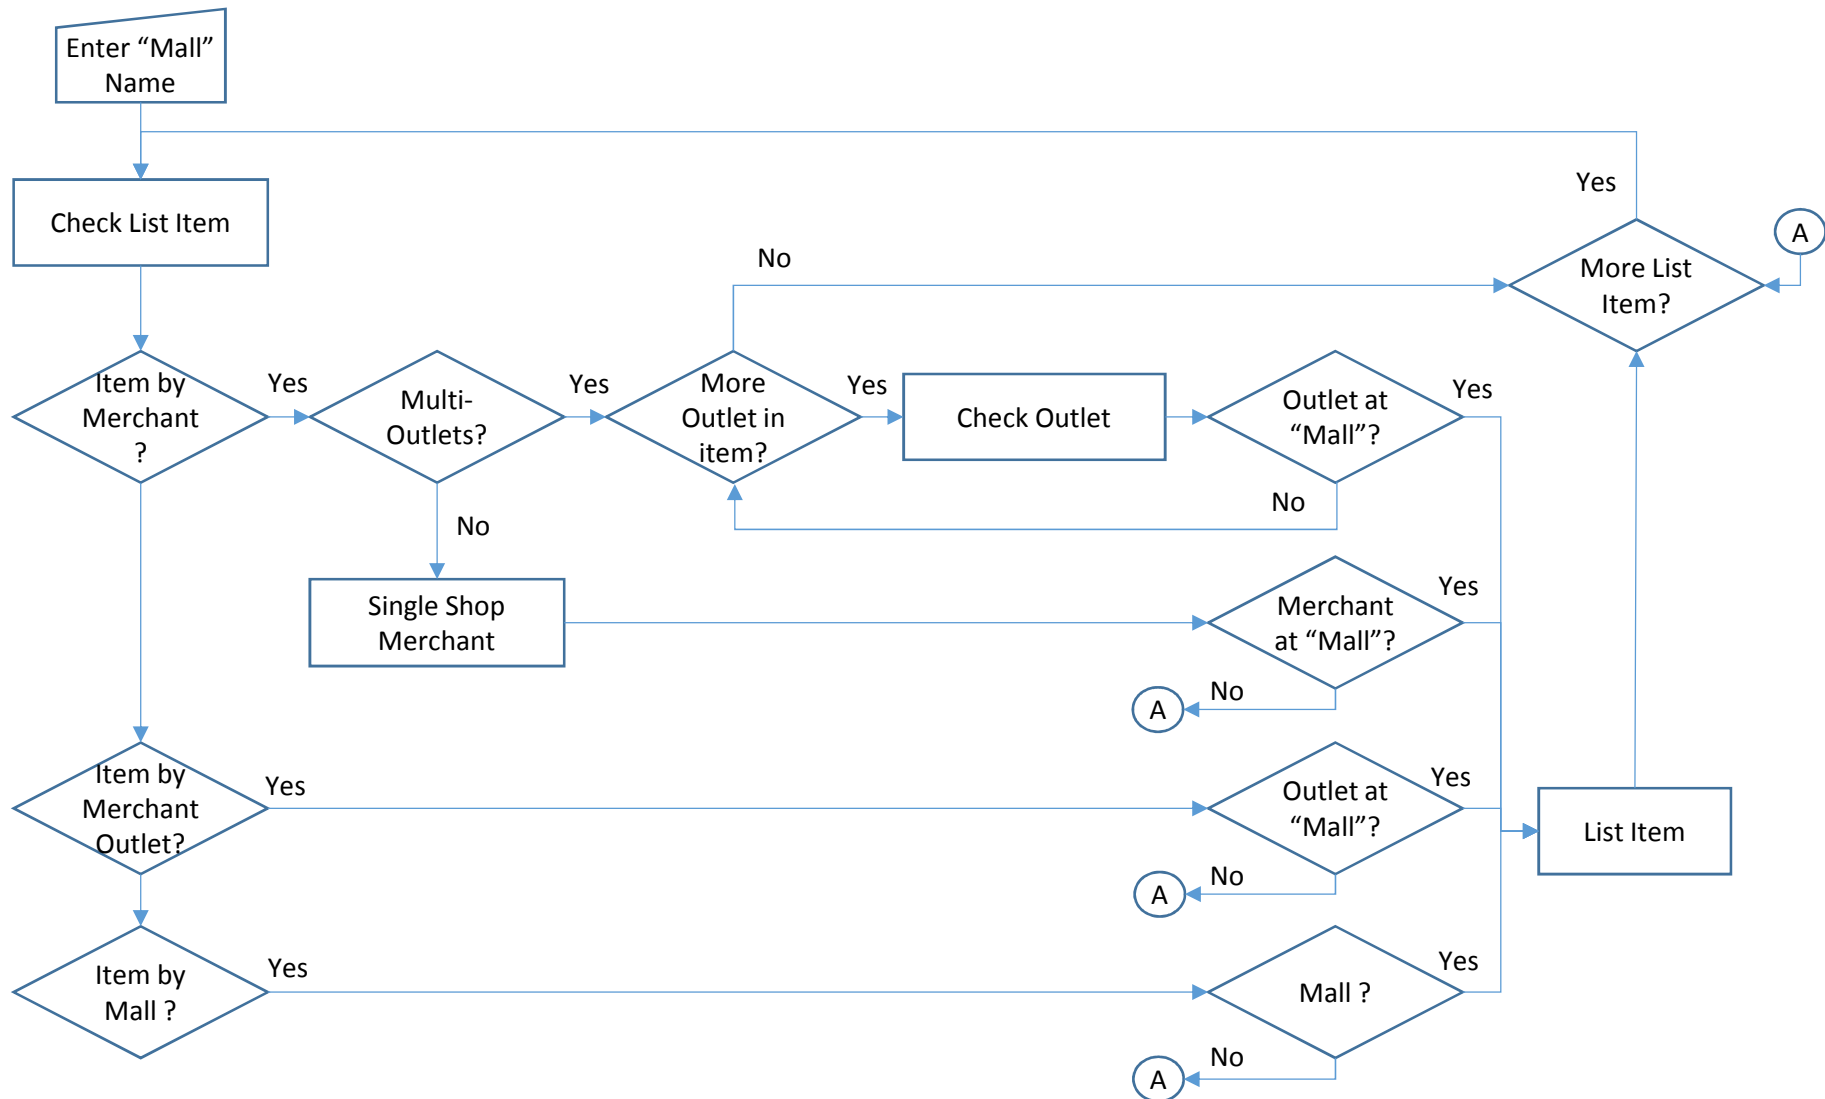

• Arcade Sports Merchant Queensway Shopping Center
As such, any listings by Mall will only be for the Merchant

Example

- Din Tai Fung Merchant Breadtalk IHQ
 - Din Tai Fung JEM Merchant Outlet JEM
 - Din Tai Fung NEX Merchant Outlet NEX

As such, any listings by Mall will only be for the 2 outlets. Merchant is not included

List/Search by Mall Logic

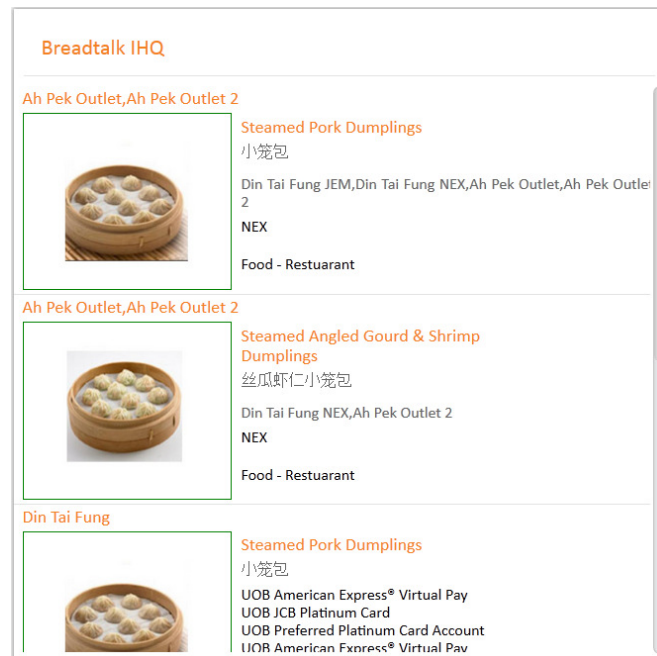

Flow as envisioned by ShopAbooji

Issue 1 : List/Search Mall = “Breadtalk IHQ”

Result should list all items that are offered at the Mall = “Breadtalk IHQ”, which should include:

1. All Merchant (multi-outlets) who has a listing which includes an outlet at “Breadtalk IHQ”
2. All Merchant (single store) whose store is in “Breadtalk IHQ”
3. All Merchant Outlet which is at “Breadtalk IHQ”
4. All Mall listing for “Breadtalk IHQ”

Result (on left) after list by “Breadtalk IHQ” which is WRONG!

“Din Tai Fung” structure with Mall is as follows:

- Din Tai Fung Merchant Breadtalk IHQ
 - Din Tai Fung JEM Merchant Outlet JEM
 - Din Tai Fung NEX Merchant Outlet NEX

There is no Merchant Outlet at “Breadtalk IHQ”.

Problem here arises because Merchant is located at “Breadtalk IHQ”, your algorithm wrongly concludes that the listing is valid for Mall = “Breadtalk IHQ”. Please follow logic provided in previous page.

19	Merchant	Din Tai Fung	PremiumListing	Steamed Pork Dumplings	小笼包	
20	Merchant	Din Tai Fung	Today'sSpecial	Steamed Vegetable & Pork Dumplings	菜肉蒸饺	
21	Merchant	Din Tai Fung	Listing	Steamed Angled Gourd & Shrimp Dumplings	丝瓜虾仁小笼包	

Din Tai Fung JEM, Din Tai Fung NEX, Ah Pek Outlet, Ah Pek Outlet 2	UOB Exclusive, UOB Exclusive
Din Tai Fung NEX	UOB Exclusive
Din Tai Fung NEX, Ah Pek Outlet 2	UOB Exclusive

Issue 1a : List/Search Mall = “Breadtalk IHQ”

Why is listing record now corrupted with wrong data ? Ah Pek Outlet and Ah Pek Outlet 2 is not even in the detail record! It is also not related with “Din Tai Fung”

Merchant name * : Din Tai Fung

Basic Credit * : 293
